

The ConsuLab MD-4000-22 is a versatile and adaptable electrical/electronic training series that allows students to build electronic circuits.

Features

- Protected with removable metal cover
- Adjustable and protected power supply (2-14VDC)
- Moduponent® attachment rails allow up to 16 individual Moduponents®

Educational Advantages

- Can be used for teaching basic Ohm's law or complex electronic circuits
- Self-contained unit has a protected built-in adjustable power supply and holds up to 16 different Moduponents®
- Includes 15 different Moduponents® from the entire MD-4000 series
- Uses industry standard schematic symbols
- Can assist you in the instruction of many tasks in area A6 and others of the ASE Education Foundation (NATEF)

Included Support Materials

- Operation manual

Specifications

- Dimensions: 22 x 20 x 10 in (55.8 x 50.8 x 25.4 cm)
- Weight: 33 lb (15 kg)
