DOUBLE-SIDED
HEAVY VEHICLE LIGHTING SYSTEM TRAINER

The ConsuLab HV-1918-1D_052930 Double-sided Heavy Vehicle Lighting System Trainer utilizes the "Moduponent®" design feature which allows unlimited expansion capabilities. A Moduponent® consists of a clear Plexiglas sheet with components, wiring and socket test points attached. The Moduponent® is attached to the trainer using disconnect fasteners which allows easy adaptation and configuration for different applications.

Educational Advantages

- Complete heavy vehicle lighting system with front, rear, brake, clearance, turn/hazard and backup lights with a 7 wire connector;

- Meets CSA/UL safety requirements;

- Most complete heavy vehicle lighting and accessory circuit trainer available;

- Modular LED lights (except headlights) that match on-highway truck components;

- Built to train up to four students at a time.
